PROFESSIONAL SUMMARY

Junior Web Developer with hands-on experience building web applications using React, Node.js, Express, and MongoDB, complemented by foundational training in AWS services, Linux, and networking. Completed full-stack web development training at Zuitt Coding Bootcamp and the AWS re/Start program. 3+ years in compliance and quality assurance, bringing strong documentation, process improvement, and analytical skills to an entry-level web or cloud role.

SKILLS

Front-End: React, JavaScript, HTML, CSS, Tailwind CSS, Vue.js, Bootstrap

Back-End: Node.js, Express, REST APIs, JWT, MongoDB, Mongoose

Cloud: AWS (S3, VPC, IAM, API Gateway, Lambda, EC2), through AWS re/Start labs and personal projects

Tools: Git, GitHub, Linux, Postman, VS Code, Vercel, Render, Trello, Zendesk

PROJECTS

Allure: Companion Services Marketplace | Vue.js, Node.js, Express, MongoDB, JWT, AWS Lambda, API Gateway

- Co-developed a full-stack marketplace in a two-person team, where users publish and manage service offerings (pricing, duration, availability) and browse other users' profiles and services.
- Deployed the Express backend as a serverless API on AWS Lambda behind API Gateway, with a cached MongoDB connection reused across warm invocations.
- Designed and built a REST API with 30+ endpoints across users, products, services, cart, and orders, using JWT authentication, bcrypt password hashing, and admin/user role-based access control.

Portfolio Website | React, JavaScript, Tailwind CSS | edrylp.vercel.app

- Designed and built a responsive personal portfolio site with a mobile-first layout.

TRAINING

AWS re/Start Program, Amazon Web Services via Edukasyon.ph | Aug 2026 - Oct 2026

Full Stack Web Development Bootcamp, Zuitt Coding Bootcamp | Dec 2025 - Mar 2026

EXPERIENCE

Remote Compliance Specialist at **Eden Senior Care** | Jul 2024 - Aug 2025

- Audited compliance records for 8 facilities on a biweekly cycle, keeping documentation complete and audit-ready.
- Built a personal Google Sheets dashboard to track collections across 35 facilities with ~30 residents each.
- Flagged private-pay accounts near or past the company threshold and recommended collection actions to facilities.

Compliance Specialist at **CommPeak** | Nov 2022 - Feb 2024

- Selected for the company's first compliance team, collaborating directly with legal counsel; investigated 10–15 regulatory and vendor concerns monthly, typically resolving them within 24 hours.
- Verified ~30 client KYC files per week, flagged documentation issues, and worked with clients and success managers to resolve them; KYC reviews helped cut abuse complaints by ~50%.

Quality Assurance Analyst at **CommPeak** | Aug 2021 - Oct 2022

- Established the team's first QA program, auditing ~32 customer interactions weekly across 8 agents and reporting recurring issues and root causes to management.
- Created Mermaid flowcharts as guides for chat and ticket handling and added step-reminder features to the team's ticket tracker which helped reduce repeated errors by ~50%.

Customer Data Specialist at **CommPeak** | Jul 2020 - Aug 2021

- Resolved ~40 customer emails and chats in Zendesk with 90%+ CSAT, and kept knowledge base articles current.

Customer Support Specialist at **Opsify Philippines** | Apr 2017 - Jan 2020

- Sent ~40 outbound emails a day about order exceptions and disruptions, working with distribution centers and operations teams; created reusable email templates that sped up responses and kept customer messaging consistent.

EDUCATION

Polytechnic University of the Philippines | Jun 2012 - Nov 2015

Bachelor in Business Teacher Education, Major in Information Technology (coursework completed through the first semester of the final year; degree not completed)
